Advocacy & Government Affairs 2019 Priorities

March of Dimes leads the fight for the health of all moms and babies. March of Dimes advocates for maternal and childhealth in access to care, research and surveillance and promotes good health and birth outcomes. Through our advocacy work at the federal, state, and local level, we promote health equity by addressing social determinants of health, structural racism and bias so every pregnancy and every baby can be healthy.

SEFANN NEWS: Join us in Nov. at Brio!

NANN's 15th Annual Research Summit - Submit Your Project!

Posted on: September 4, 2019

Do you have a research proposal or evidence-based practice change project you implemented or are planning to implement and complete by Fall of 2019? Be a part of NANN's 15th Annual Research Summit and submit your project for consideration!

Held in beautiful Scottsdale, Arizona, the Summit is attended by selected individuals to present their research or practice change outcomes and discuss the process and results with other researchers from around the country and the world!

Selected participants will receive support for their summit attendance as follows:

- **Round-trip non-refundable coach airfare to Phoenix from any United States airport/point of origin.**
 - **Two (2) nights hotel accommodations at the Doubletree Resort Paradise Valley in Scottsdale, Arizona. Please note that each participant is asked to share a hotel room with another participant.**
 - **Complimentary meals during the Summit.**
- Deadline to apply is Friday, November 15, 2019 at 11:59 pm CT.**

From Marchofdimes.com continued:

Ensuring Access to Health Care
 All women, children and families need access to quality health insurance and health care to build and maintain health. March of Dimes advocates for access to quality and affordable private health insurance(e.g. through employers and Marketplaces) and public health coverage(such as Medicaid and the Children's Health Insurance Program), as well as other programs that provide key health care services, like the Title V Maternal and Child Health Services Block Grant and Vaccines for Children. March of Dimes also works to expand access to health care for women, children and families, such as by addressing maternity care deserts. [Read the complete statement on March of Dimes website:](#)
